1.0 ELECTRONIC NRR WEB APPLICATION (eNRR) INTRODUCTION

1.1 Online data access and Remote data capture
Each SDP is given right to access their own data and enter data remotely at their site via the eNRR Web Application (eNRR). Depending on its right, each SDP may access one or more of the following modalities in eNRR:
1. Hemodialysis (HD)
2. Peritoneal Dialysis (PD)
3. Transplant (Tx)
4. Renal Biopsy (GN) – coming soon

1.2 Real time report
Reports are generated on a real time basis based on data entered via the online data access and Remote data capture module.

1.3 Data Standard
This documents the definition of all variables in the all the NRR Forms

1.4 Maintenance
This module allows user to change their password. Users are responsible to change their passwords every time they expire.

1.5 Access Control
Only authorized users can gain access to a system. Depending on the role of user, different users have different access rights to the application, i.e. some may view data only but not edit data, some may view and edit data, etc.

Timer – On top of each application, timer has been set from 60 and will decrease each time the application left idle. If the application has been left idle more than 60 minutes, the application will be logged off automatically.

Picture 1.1 Timer
Electronic National Renal Registry Application (eNRR)- Version 1.4

2.0 SECURITY
Each authorised user is required to read through, understand and sign The Security Policy for eNRR Web Application before being authorised to access the application. This is to ensure that users play an active role in ensuring security of data at their level.

2.1 Policies and Practices

As a good security practice, you are strongly advised to:

Keep your password confidential!

- **Avoid** sharing or divulging your Password to anyone. This includes any person who may appear to represent or work for the Registry. Our administrator do not request for your password at any time.
- **Avoid** using the same Web Application Password for any other web-based services such as for e-mail or for Internet Service Provider login.
- **Avoid** choosing a Password that is easily anticipated by a third party, like your NRIC number, telephone number, date of birth, etc. You should select a unique Password to make it difficult for anyone to anticipate.
- **Avoid** writing down or "saving" your Password on your browser or any other software. Memorizes your Password.
- **Avoid** if you suspect your Password may have been compromised, change your Password immediately.

**Tips:** Your password is what tells the system that you are who you say you are. Because your password is like a key to your account, you need to safeguard it. Anyone who has your password can pose as you. Therefore, you may be held responsible for someone else's actions, if they are able to get your password. Do not record your passwords down, memorise them!

Ensure you are accessing the correct website!
Never access the website via a hyperlink from an e-mail. Always enter the correct website address yourself, which is [https://www.msn.org.my/eNRR](https://www.msn.org.my/eNRR)

Only access Web Application using a secure and trusted computer!

- **Never** access your Web Application on computers / devices which you have doubts with regard to security, such as those located in public places. If you have to use such computers (for example, when you are outside the office), change your password once you have access to a secure computer.
- Keep your operating system (eg. Microsoft Windows) and Internet-related software updated with the latest security patches.
- Protect your computer from viruses and malicious programs with anti-virus software and firewalls where possible. Always update your anti-virus software with the latest virus signatures.
- Always log out your Internet session by clicking on the "logout" button whenever you leave your computer, even for a short while. Do not simply close the browser window when you wish to end the Web Application session.

Table 1.1 Access Right for NRR
3.0 HOW TO ACCESS ELECTRONIC NRR WEB APPLICATION (eNRR)

A) Login

*Note: Effective 2019, accounts of all previous eMOSS login who have not gone through First Time Login in eNRR has been auto removed. You will need to go through First Time Login flow.

Access MSN website
http://www.msn.org.my
Select NRR from menu

At NRR Website
http://www.msn.org.my/NRR
Click

eNRR Login Page

Do you have Electronic National Renal Registry (eNRR) Login Account?

Yes

Have eNRR User Account
At Login Page (Page 1 Authentication),
Key in your Username and Image Security Code.
Click Next.

At Page 2 Authentication,
Tick Yes/No for Personal Login Phrase Verification, Check username and key in User Password.
Click Login.

No eNRR Account
Please click First Time Login link at Login Page.

Scn 3.1
Scn 3.2

No

Have eNRR User Account
At Login Page (Page 1 Authentication),
Key in your Username and Image Security Code.
Click Next.

At Page 2 Authentication,
Tick Yes/No for Personal Login Phrase Verification, Check username and key in User Password.
Click Login.

Select Role

NRR Information Security Policy
Confidential and Non Disclosure Agreement
Personal Data Protection Notice
First Time Authentication with Identification Card Number and Handphone Number
Create Login Account & Update My Profile
Return to Login page

At Login Page, Key in your Username and Image Security Code.
Click Next.

At Page 2 Authentication,
Tick Yes/No for Personal Login Phrase Verification, Check username and key in User Password.
Click Login.

Select Role

Home Page - eNRR Forms Submissions
Dashboard page

2. To go Electronic NRR Web Application (eNRR), click on the button on NRR Website as shown above.

3. Do you have eNRR Login Account?
   i. If Yes (have eNRR Login Account), refer Section 3.1
   ii. If No (doesn’t have eNRR Login account), refer Section 3.2.
Electronic National Renal Registry Application (eNRR)- Version 1.4

3.1. Have eNRR Login Account

User authentication – There are two levels of user authentication.
Level 1: Key in Username and Image Security Code
Level 2: Verify the Personal Login Phrase and key in Password.

1. At the eNRR login page that appears, key in the username and image security code in the appropriate column and then, click on the Next button.

Picture 1.2 National Renal Registry (NRR) web application - : Welcome page

2. In the second authentication page,
   a. Click Yes if your Personal Login Phrase is correct, and click no if your Personal Login Phrase is incorrect.
   b. Check if your username is correct
   c. Key in your Password

Picture 1.3 Authentication page
Electronic National Renal Registry Application (eNRR) Version 1.4

3. If you have never accepted the NRR Information Security Policy, the system will go to the page. Go through the NRR Information Security Policy.
   a. At the bottom of the page, Click Yes or no for ‘I hereby ACKNOWLEDGE and ACCEPT that my access and use of the NRR Web applications shall be governed by this Security Policy’
      i. If you click Yes, the Accept button will be enabled.
      ii. If you click No, the Accept button will remain disabled. You will not be able to proceed to access eNRR.
   b. Click Accept

4. Click OK at the confirmation of acceptance of Security Policy.

5. If you have never accepted the Confidential and Non-Disclosure Agreement, the system will go to the page. Go through the Confidential and Non-Disclosure Agreement.
   a. At the bottom of the page, Click Yes or no for ‘I hereby ACKNOWLEDGE and ACCEPT that my access and use of the NRR Web applications shall be governed by this Confidential and Non-Disclosure Agreement.’
      i. If you click Yes, the Accept button will be enabled.
      ii. If you click No, the Accept button will remain disabled. You will not be able to proceed to access eNRR.
   b. Click Accept

9
6. Click OK at the confirmation of acceptance of Confidential and Non-Disclosure Agreement.

7. If you have never accepted the Personal Data Protection Notice, the system will go to the page. Go through the Personal Data Protection Notice.
   a. At the bottom of the page, Click Yes or no for ‘I hereby ACKNOWLEDGE and ACCEPT that my access and use of the NRR Web applications shall be governed by this Personal Data Protection Notice.’
      i. If you click Yes, the Accept button will be enabled.
      ii. If you click No, the Accept button will remain disabled. You will not be able to proceed to access eNRR.
   b. Click Accept
Electronic National Renal Registry Application (eNRR) - Version 1.4

8. Click OK at the confirmation of acceptance of Personal Data Protection Notice.

9. Upon successful, user will be directed to:
   a. Select Role if you have more than one role in your centre.
b. If not, you will be sent to the next page to the Dashboard page of ‘Module 1: NRR Forms Submissions’.

Note: Some user may have not completed login to eNRR whom user login half only OR user self register but no roles assign OR user can’t accept NRR Information Security Policy, NDA or PDPA.
3.2. No eNRR Login Account

If you have not registered to eNRR before, please request to add your login account through Centre Coordinator OR Centre Manager OR Doctor In Charge OR Panel Doctor/Nephrologist at your centre.
