

ISPD EuroPD Joint Congress Going Virtual and New Dates!

As the COVID-19 situation around the world continues to change rapidly, both the ISPD and EuroPD Executive Committees have made the decision to deliver the entire congress virtually over new dates: **Sunday 28th February – Tuesday 2nd March 2021**

To reflect the change to a virtual format, we have significantly discounted the registration fees to make it affordable for many more colleagues to join.

Allied Health Professionals, LMIC, Trainees – Was £360 now £150
Standard Delegate Fee – Was £480 now £250

Whilst we appreciate that there is nothing quite like being able to meet face to face, the virtual congress has many advantages. You can take part in the same high quality programme without leaving your home/place of work and there will be many different ways that you can interact with invited speakers, poster presenters, fellow delegates as well as sponsors and exhibitors. All the content will be available for viewing up to 6 months post congress.

We appreciate that it will be a different experience from what we are used to, but we know there is a thirst for knowledge and learning within the community and we are committed to delivering this. We hope that you will join with us and embrace the changes that we have had to make in this ever evolving world we find ourselves in.

Visit our website to find out more about the programme, how to submit an abstract and register www.ispd-europd2021.com
