

CERTIFICATION COURSE FOR "200-HOURS TRAINING ON HAEMODIALYSIS FOR PHYSICIANS."

INTRODUCTION:

Under the Private Healthcare Facilities and Services Act 1998 (PHFSA Act), haemodialysis services in the private and NGO (non-governmental organisation) sectors are subjected to licensing and monitoring to ensure that requirements for safety and standards set by the MOH and professional organisations are met. With the implementation of the Act, there was a need for Person-in-charge (PIC) of haemodialysis centres to be trained. A Person In Charge (PIC) is required to held legally responsible in the Act to manage, control, maintain and operate the haemodialysis unit, and the authority can take punitive measures against the PIC who violates the Act. As such, the management of the patients and complications shall be guided by the affiliated nephrologist.

Malaysian Society of Nephrology (MSN) is pleased to announce a 200-hour certification course to train physicians to become the PIC for private haemodialysis services in Malaysia.

PROGRAMME OBJECTIVES:

At the end of the course, the PIC should be able to understand:

1. The PIC responsibilities, as described in the PHFSA rules and regulations and the National Haemodialysis Standards.
2. The requirements specified in the National Haemodialysis Standards.
3. The setup, operations and licensing requirements of a private haemodialysis centre.
4. The basics of chronic kidney disease and end-stage kidney disease.
5. The basic principles in the management of haemodialysis patients.
6. The basic principles in the management of common acute and chronic complications of haemodialysis.

Note: The course is not intended to provide in-depth knowledge on the management of the haemodialysis patients. It is mainly focused on understanding the basic requirements for safety and standards of care for private haemodialysis services in Malaysia.

PROGRAMME STRUCTURE:

A 200 hours total attachment; consist of:

1. Theory:

Self-learning time or Online distance learning through prescribed syllabus materials
(Refer Syllabus)

2. Practical:

Face to face and Clinical attachment at accredited haemodialysis centres
(Appendix 1)

3. Exit Assessment:

MSN will assess the candidates through a total of 30 open-book Multiple True False (MTF) questions examination at the end of course.

ELIGIBILITY CRITERIA:

1. Physicians/ Paediatricians registered with the Specialist Register of Malaysia
2. Other registered medical practitioners from areas with a critical need for haemodialysis services may be eligible.

RULES & REGULATIONS:

1. Candidates that fulfil the **Eligibility Criteria** can register themselves at Malaysian Society of Nephrology (MSN) through website www.msn.org.my. (under heading TRAINING)
2. Candidates should complete ALL the modules/syllabus of the training (refer to Syllabus) based on the suggested time of learning:

2.1. Theory (15 hours)

- Candidates must read and self-learned the prescribed materials.
- Candidates must pass the Exit Assessment at the end of this course.

2.2. Clinical Attachment (185 hours)

- Clinical attachments are only permitted at accredited centres (Appendix 1)
- Some centres might impose a fee of **RM1000/month** to the candidates for attachment, and this fee is to be paid by the candidates (This fee is not inclusive in the registration fee).

- The candidates are advised to comply with the requirement of the respective centres before doing the attachment.
- Candidates should complete the logbook during their attachment with the dialysis centre. Only the Consultant Nephrologist-in-charge and the local preceptors of the dedicated dialysis unit are allowed to verify the logbook entry. The medical practitioner needs to submit the book within two (2) weeks after completion of the course to our secretariat. The certificate will not be issued if the logbook is not returned.
- Candidates should also submit the attendance record for 185 hours. Proof of time attendance, e.g. punch card (certified by the supervising nephrologist) is preferred.

2.3. Exit Assessment

- Candidates must pass an open online examination.
 - Thirty (30) Multiple True False (MTF) questions need to be answered. The assessment is an open-book self-assessment, but the candidates must pass the exam to be certified for this course.
 - Passing marks is 85%.
3. The course must be completed within **six (6) months** of starting the program.
 4. The MSN committee reserves the right to deny any certification of completion if the candidates did not comply with the rules and regulation stated above.

APPLICATION & SUBMISSION

1. Submission

- 1.1. Application form can be downloaded from the MSN website (<http://www.msn.org.my>)
- 1.2. Completed the registration form should be submitted to:

Ms Jaidaa Razak
Secretariat
Unit 19-01, Level 19, Q Sentral
2A, Jalan Stesen Sentral 2,
Kuala Lumpur Sentral
50470 Kuala Lumpur
Tel: 603 2276 3686 / 03 – 2276 3687
Email: msn@msn.org.my

2. Registration fee

- 2.1. The registration fees for this program will be **RM 2,500.00. PAYMENT MADE IS NOT REFUNDABLE.**

You may need to pay additional attachment fees to the hospital

- 2.2. Method of payment:

Cheque should be made payable to the “Malaysian Society of Nephrology” **OR**
Online transfer payment to “Malaysian Society of Nephrology” bank account.
(contact MSN Secretariat for more details).
